

Hi Everyone

It's that time again, the May UJUG meeting is next week, Thursday May 21st, starting at 5:30 PM. As you may know, we are now meeting at the **IHC Intermountain Medical Center** in **Murray**, across the street from Costco. You can find a map, directions and some great pictures (put together by Don Bogardus) here, on the UJUG website.

This month we have Chris Hansen talking about **Apache-Wicket**. Next up is Matthew McCoullough from the NFJS tour talking about **git**. If you don't know what **git** is, you might want to come out to this month's meeting to find out ;-) For more detail on this month's meeting, check out the meeting page on [ujug.org](http://ujug.org).

Make sure you RSVP so we purchase enough pizza and soft drinks. The URL to RSVP is [http://www.ujug.org/web/index.php?option=com\\_attend\\_events&task=view&id=24](http://www.ujug.org/web/index.php?option=com_attend_events&task=view&id=24).

Why don't you invite a co-worker or friend to this month's meeting? If you find the UJUG informational and/or fun, not to mention a great place to get some free food on a Thursday night, why don't you spread the word? You never know, you or your friend might just win something another Java T-Shirt, Java related book, iPod or something else from the UJUG tickle trunk.

### Agenda

- \* 5:30 - 6:00 Pizza
- \* 6:00 - 7:00 Chris Hansen - Wicket
- \* 7:00 - 8:00 Matthew McCoullough - git
- \* 8:00 - 9:00 Breakout Sessions

### Upcoming UJUG Meetings

Here is a quick preview of the upcoming UJUG meetings for 2009 (please note, these are all tentative and subject to change), you can find a complete schedule for 2009 here:

- \* June 2009 – **JavaOne Roundup** (if you are interested in participating please let me know), JavaRebel
- \* July 2009 – **Terracotta**
- \* August 2009 – **Flex** – James Ward from Adobe
- \* September 2009 – **Building a Java Stack** with Bryan Hansen and me, **Metro** - Harold Carr

Okay, enough of my rambling, here is an overview of what will be happening this month:

## Breakouts 8:00 - 9:00

Following the presentations and after we've given out the door prizes, we will have the following breakout:

### Java Certification – Don Bogardus

SCJP Certification is a great way to strengthen your fundamentals and demonstrate a breadth of knowledge to employers. The 5.0 exam is a tough beast, and we discuss all the tricks to tame it. Each month we'll review another section of the Sierra/Bates Study Guide (ISBN: 0072253606). This month (May) we'll be covering Chapter 6 (Strings, I/O, Formatting, and Parsing), probably the toughest chapter in the book. Newcomers are always welcome.

### Wicket – Chris Hansen

### git – Matthew McCoullough

### Door Prizes

- \* Books courtesy of O'Reilly
- \* TekSystems Bag
- \* IntelliJ License courtesy of JetBrains (<http://www.jetbrains.com/idea/>)
- \* JavaRebel license courtesy Zero Turnaround (<http://www.zereturnaround.com/javarebel/>)
