

Hi Everyone

The last email that I sent out said it was the September UJUG meeting, unless you have a time machine (and I don't mean the one from Apple), it will be a little difficult to make it on time to that meeting :-). I should have said, the **October UJUG** meeting is this **Thursday, October 16th**, starting at 5:30 PM.

Make sure you RSVP so we purchase enough pizza and soft drinks. The URL to RSVP is http://www.ujug.org/web/index.php?option=com_attend_events&task=view&id=18

You are not going to want to miss this month's presentations on **Rich Internet Applications (RIA)** featuring JavaFX, presented by Tom Valletta, and Adobe Flex, presented by Nathan Dickamore and Steve Olson. For presentation abstracts and presenter bios, check out the October page on [ujug.org](http://www.ujug.org/web/content/view/114/1/): <http://www.ujug.org/web/content/view/114/1/>. We also have a couple of breakouts you might want to check out: *Java Certification* and *Alternative Languages on the JVM*. I've also got a brand new iPod nano to give away!

This month's door prizes include:

- *SourceBeat.com* <<http://www.sourcebeat.com>> book
- *Atlassian T-Shirts* <<http://www.atlassian.com/>>
- *TekSystems Bag*
- *JavaRebel license* <<http://www.zereturnaround.com/javarebel/>>
- *IntelliJ license* <<http://www.jetbrains.com/idea/>>
- iPod nano

For a detailed agenda, check out the UJUG website: <http://www.ujug.org/web/content/view/114/1/>
